

Power Combo FTDEV1PSU

Power Combo FTDEV1PSU

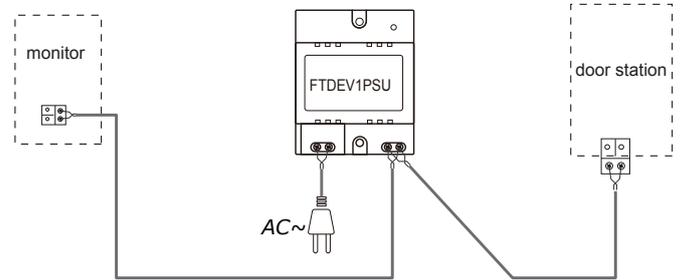

The power combo FTDEV1PSU is designed for DT system to provide power supply for the villa system.

- 24Vdc output(adjustable)
- Wide range input voltage
- Direct wall or DIN bar mounting
- Support only one small current indoor monitor
- Support only one door station of villa system

Wiring

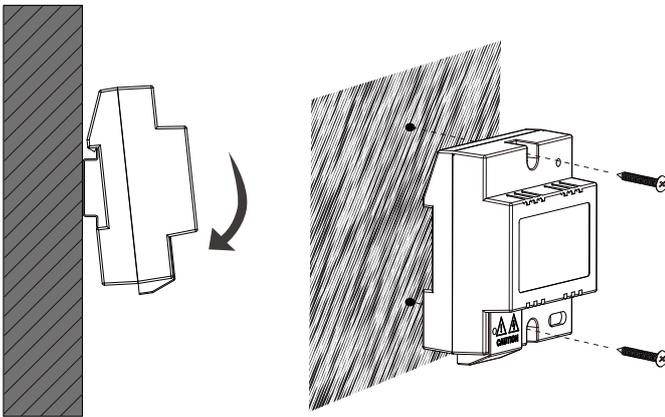

Please refer to the following diagram.

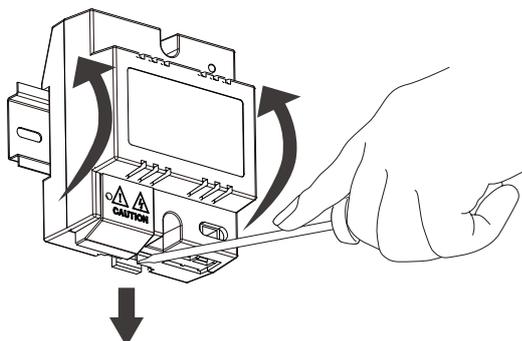

Mounting

DIN bar mounting

Direct wall mounting

Take off the unit from DIN bar

Specification

Input Voltage:	100~240Vac
Input Frequency:	50~60 Hz
Rated Output Voltage:	DC 24V \pm 2V
Rated Output Current:	0.75A
Working Temperature:	-15 $^{\circ}$ C~55 $^{\circ}$ C
Wiring:	2 wires (non-polarity)
Gross Weight:	0.17kg
Dimension:	89(H) \times 70(W) \times 45(D)mm
